What Students
are saying about
U.S. Bank.

All of **us** serving you™

"U.S. Bank has simplified banking for any student. With my student ID, I can utilize all of the campus services and use the same card for a purchase at the store. With a crazy student schedule, I can even use my Griffon Card at the ATM on campus to make deposits or get spending money. U.S. Bank has always exceeded my needs and I will continue to do my banking with them as I pursue my career."

Dustin Strickler — Student, Missouri Western State University

"I really do love banking with U.S. Bank. They offer all the services of a large bank with great online banking management and ample locations, but they retain a small town bank branch feel. The service is warm and they are always willing to go the extra mile. After years of shopping large banking corporations, I finally feel at home."

Jennifer L. Williams — Student, Northwestern University

"The U.S. Bank Maxx Card has been a great asset to our university. It has allowed students the ability to have an account and to access it in so many simple ways. The convenience alone is one of the best things about the Maxx Card. It is very handy and accessible to be able to make a deposit or withdraw money right on campus, without having to make that extra trip to the bank. The U.S. Bank team is also great. They are very enthusiastic and helpful. Having them on this university with the Maxx Card has made life much less stressful for our students and staff."

Kathryn Carlsen — Student, University of Wisconsin Eau Claire

"It has been very convenient for me to access all my banking and school finances through the use of one card. Rather than hassling with two or more cards you can use your WLC Card for just about everything. U.S. Bank is a great partner and has provided me with outstanding customer service."

Brent Pederson — Student, Wisconsin Lutheran College

"I signed up for a checking account during Xavier PREP. When I was signing up for the account I was unaware of the convenience. I thought that I would be using this account just for books and spending money. That is not the case. The best experience was when I walked up to the teller window and she said, 'Hello Chris! How are you today?' I am away from home and the bank knows my name!"

Christopher Schroeder — Student, Xavier University

U.S. Bank has a full-service branch on the Downtown campus and ATM's on three campuses to provide services to students district-wide.
