

Distribution Finance Services:

Financing for the distribution industry

At U.S. Bank Equipment Finance - Distribution Finance Services, we specialize in custom wholesale financing products for the material handling and construction equipment markets. We provide vendor finance programs for manufacturers and inventory, working capital and capital equipment financing for dealers.

- We target top-tier material handling and construction equipment manufacturers and dealers serving the United States and Canada.
- We provide credit lines from \$250,000 to more than \$50 million.
- Our specialists provide unsurpassed industry experience and knowledge.
- Our business is built on long-term relationships and personalized service.
