We draw strength from diversity.

Embracing diversity, championing equity and fostering inclusion are business imperatives for U.S. Bank, and a fundamental part of everything that makes us who we are: our brand, business, talent pool, communities and more.

What we mean when we say “DEI”

The overall term “diversity, equity and inclusion (DEI)” describes our commitment to embracing individual differences, enabling equitable outcomes and fostering inclusion. This action helps us drive business growth and makes us stronger, more innovative and more responsive. It furthers the interests of all our stakeholders: investors, customers, employees and communities we serve.

“Diversity” refers to human dimensions including ability, age, education, ethnicity, gender identity, gender, national origin, race, sexual orientation, social class, veteran status or religious or ethical value systems.

“Equity” is about leading with data to be strategic in our approach and focusing with intent on closing gaps.

“Inclusion” means creating and sustaining a positive work environment that respects and values individuals, and helps employees be authentic, reach their potential and maximize their contributions.

Our DEI strategy seeks to ensure that all employees, customers and key stakeholders have the opportunity to achieve their full possibilities.

Workforce demographics
Our employees’ varied backgrounds and life experiences, willingness to collaborate and bring their full selves to work – that openness is what keeps us competitive, and makes U.S. Bank a great place to work. So what’s the breakdown? Our workforce demographics are updated annually on our U.S. Bank Careers site. Our goal is to reflect the communities we serve, and we know there’s room for improvement. By providing this data publicly, we hold ourselves accountable to shifting these percentages over time.
