Wow, you sure know how to rub salt in a wound.

We were just informed you’re closing our branch of US Bank, and now you’re saying that you’ll be with us for years to come.

Our branch, Royal West in Eugene, OR serves many seniors and low income duals who don’t have vehicles. They can walk to the branch. They also tend to be people who don’t have computers or our not computer-savvy. So much for digital banking.

This branch seems to be the busiest that I’ve been in. Yet it’s the one slated for closure without explanation.

Keep your platitudes.

We’ll know you’re sincere when our branch still open in July.

My daughter (who is pregnant) and her husband had a safe deposit box with US Bank in Eugene Oregon. They purchased a new vehicle yesterday and realized they needed the file out of the box. The branch was temporarily closed a few months ago. They asked to contact the bank and were advised online that they would need an appointment. Upon calling this morning they were advised that the branch had closed permanently and their safe deposit contents were turned over to the state as unclaimed property.

They were not contacted through email or mail regarding his closure. The representative said "they should have been contacted" without providing any evidence that contact was attempted. They were told I could take 2-7 months to locate the property with the Safe of Oregon and they would have to file a claim on their own.

PLEASE EXPLAIN HOW THIS COULD HAPPEN? How is it possible that a bank could be so careless with his property entrusted to them? They had many years of bonds from grandparents in this box worth thousands of dollars. My daughter is being needlessly stressed during her first pregnancy by the callous disregard of US Bank towards its customers that should have never happened. How can a bank even employ closing branches with safe deposit boxes without notice to customers? Is this happening elsewhere? Happening at other banks?

These are all questions I will pose to any news station, national and local in the coming days. I bring attention to an abhorrent practice that should be illegal and at the very least an abuse of trust and common safe bank practices.

I will provide my daughter's information, phone number, bank location, etc. upon request to facilitate a search for her belongings. She is understandably distressed and I offered to support her in any way possible. This email is my support and my continued support will be continuing news agencies daily until this matter is resolved.

Thank you for your time and consideration.

Re: Closure of Eugene, Oregon Branch

To Whom It May Concern:

I just received notification that my U.S. Bank Branch on 18th and Chambers will be closing in April. This is most disappointing to me and, I am sure, several others as I am usually in a line waiting for service, which is fine with me and shows need.

At any rate, If you look at the “map” on the back of the letter, you will see there are THREE sites in the eastern part of Eugene, Oregon and only one left in northwest part.

I feel closing this branch is not the best idea for customers who enjoy shopping inside Albertsons and doing their banking as well.

It is quite possible that I will remove my acct. and moved to locations near me which are NOT U.S. branches! I have four banks within one mile of my house.

We hope you will rethink closure of this branch.

Thank you,

Dear [Name],

I understand that the U.S. Bank Branch at Sunnyslope Shopping Center on South Liberty Street at Salem, Oregon is scheduled to be closed. This branch is a highly important asset to the community. I would appreciate it if you would review this proposed action. I understand the need to consider economic factors in maintaining a branch. That said, service to the community should also be an important factor in evaluating the decisions associated with your business plans. There are a number of us in the neighborhood who would certainly appreciate the Sunnyslope Branch remaining open. Once in a while, it is necessary to absorb some loss to maintain a reputation for good service.

As a customer of U.S. Bank for over sixty five years, I have become accustomed to good service which the Sunnyslope Branch certainly provides. Thank you for your kind attention to this matter.

With kindest regards.

Sincerely,

Hey @usbank I know you can close branches as you need to. But sending this picture of “conveniently located” alternate choices that are both more than 25 miles way from my home and work is just an insult. (Comment writer inserted a map from a branch closure letter that shows the closing branch (Cloverdale, OR) and the two nearest U.S. Bank branches in Tillamook, OR and Lincoln City, OR.)

In Re: Closure of U.S. Bank Sunnyslope Branch at 798 Cunningham Lane S., Salem, OR 97302

I am in receipt of your letter regarding the planned closure of the above-mentioned U.S. Bank branch effective June 21, 2021. While I understand the need to consolidate some of your physical branch facilities, I am unhappy with the choice to close this branch. It has served the need of many residents who reside in the south side of Salem for many years. It is conveniently located in a small shopping center surrounded by many neighborhoods. The size of this branch has allowed the staff to build rapport and know their customers personally, which is much appreciated by customers in the “high tech” business world of today. They are the Best!

It is very disappointing that corporate has made this decision but I wanted to voice my comments to you regarding this upcoming change.

Sincerely,
