Dear Mr. [Redacted],

What in the hell are you thinking! Closing the Colusa branch is like coming in and severing my right arm for "3... & giggles." Perhaps for some people who have smart stuff devices & computers from which I'm sure they can perform their banking needs. I'm not one of those people. I don't have a smart phone, I have a land-line and while my wife has one & is fluent in computers, me - not so much. How nice it must be to think that everyone has fallen into the computerized world of today. I'm sure there are others like myself who feel as I do. I have been banking with U.S. Bank for 20 years. The next nearest branch is in Yuba City, 28 miles away. What in the hell... do you suggest I do now? Transfer my funds to Wells Fargo or maybe tri-county's bank. Tell the people at the top to pull their heads out of their a.... and leave this branch OPEN! I look forward to being a banking partner, leave this branch open. Of course, it

Dear Mr. [Name]:

Thank you for your letter regarding the decision to close the Colusa branch in Colusa, CA. We appreciate you taking the time to write and share your thoughts.

U.S. Bank takes the closure of a branch very seriously. We take many factors into consideration when making the decision, including how the branch is used and the location of other branches. In this case, the demand for services necessitated a change in our approach. These changes are to allow for reinvestment in new ways to meet the changing needs of our customers.

We understand that the closure of our branch is a disruption for our customers and our employees. We are working to make the transition as smooth as possible for all involved.

Mr. [lastname]

As a customer of US Bank for over 20yrs, I was here when the branch was Pomona First Federal, before US Bank. Here is my opinion on the closing of the El Paseo Bank. This is very BAD for your customers.

Have I not only been a customer, as a bookkeeper I have brought my clients accounts to you as well and the accounts of associations where I treasurer as a volunteer.

First, it was a mistake to close this branch during the pandemic in the first place, because it has a drive-up window that could have been utilized for everyone’s safety and more conveniently than traveling several miles to another branch without a drive-up.

Second, by sending your customers out of their way and making this less convenient and more time consuming, it has only made our lives more stressful, during such a staining time to begin with.

Third, there are many more ‘commercial’ business customers at the other branches, located in shopping malls, that have very time consuming transactions, with several deposits and needing change, etc. But, there is no consideration for individual customers who need less time. In other words, less staff and less concern for the customers in general. There could at least be a separate teller for businesses and one for single transaction customers. As a retired business owner, having banked at many different places, this is a common courtesy, of many banks. None of the people from my branch are here. Gone are the relationships built over the years.

Fourth, using your on-line banking is very convenient, when it works. There have been many times when I have needed to get something done at the last minute, only to find the on-line unavailable. Then a trip to my branch became necessary…. Now it takes much longer and is further away, therefore costing me more money as well.

As you can tell, this decision makes me very unhappy with your bank, and forces me to consider other alternatives.

Sincerely,

Why is the branch closed? No information on the door. I do not want to travel to Fairfield and stand in line. Someone needs to come to the rescue of the customers in Vacaville. ATM has no money. Do I need to change banks? I have been with you for over 45 years.

Please reply with what is happening.
